The Calabash Elks Lodge recently made a donation of furniture to the Boys & Girls Homes of North Carolina at Lake Waccamaw. The Home was in the process of refurbishing the Lakeside II building for use by unwed mothers and needed furnishings designed for the mother and baby. The Elks Lodge, through a grant from the Elks National Foundation, purchased the required furniture. This past Friday members of the Elks Lodge visited the Boys & Girls Home to view the suite they furnished and presented VP for Development Ray Cockrell with a plaque for display in the Home.
